About this event – Interview techniques

Following on from our May workshop which covered what skills recruiters typically look for and how to prepare your key job search materials to tailor them to specific job roles, we are now planning a deep dive into interview techniques. This interactive workshop can help you gain a better understanding of:

- General preparation for interviews – in advance
- Things to think about when preparing for interviews
- ‘Can you do the job’ style questions
- Will you fit in with the organisation/team?
- Role play practice (live examples)
